JFC (Joint Fundraising Committee) Dashboard

The Crimson **JFC Dashboard** provides an overview of the JFC data by displaying totals, distribution summary information, top 5 records, and action items that help you complete the JFC distribution process all within the dashboard.
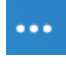

- There is a **Dashboard Navigation Bar** at the top right corner of the page where you can access the:
  o **People Search**
  o **Money Search**
  o **JFC Search**

- There are Dashboard Action Buttons on the dashboard such as the:
  o **Distribution Search**
  o **New Expenditure**
  o **New Distribution**
  o **New Gift**

  These allow you to complete tasks related to JFC distributions without leaving the dashboard.

- The first four **cards** displayed on the dashboard show you the total amount raised (year-to-date) by the JFC, the total amount distributed (year-to-date) by the JFC, the total amount raised by the JFC over all-time, and the total amount distributed by the JFC over all-time. All cards also display the number of gifts that make up those total amounts.

- Next, is the **JFC Waterfall** that displays the allocation formula used for JFC contributions from individuals/non multi-candidate PACs versus multi-candidate PACs and a pie graph that breaks down the **JFC Codes Used** in Crimson.

- The **cards** display the total amount and number of gifts that are awaiting to be distributed and the total amount and number of gifts that have been allocated as excess funds.
- The **Total $ Distributed by Participant** bar graph shows how much each participant has distributed over all time versus year-to-date. When you hover over a particular value or bar, you'll be given the exact amount.
